

J.M. Grisley Machine Tools is a full service distributor of machine tools used in the metal working industry. We sell both new and used equipment in Utah, Colorado, Idaho, Montana and Wyoming. We have been providing high quality machines and expertise to the Mountain West for over 90 years.

EXCEPTIONAL SERVICE

We have a Full Service department with over 60 years of service knowledge and experience. All technicians go through rigorous training and are Factory Certified. We can provide installation, repair, rebuild, machine tool alignment and parts for all major machine tools.

TRAINING AND TURN KEY SYSTEMS

We can also offer our customers application support and training. We can provide complete support for part programming, automation, part processing and operator training. We have the capabilities to train on Machine Maintenance and Preventative Maintenance, as well as provide G-code, conversational programming and general machining training.
